Also mention that how the learners have been made aware about this mechanism.*

The University has setup a very clear Grievance Redressal Mechanism and Policy, as per the regulations. The University provides an online facility for submitting grievances and tracking their status. Every learner can raise an issue via a ‘ticketing mechanism’ either over email or by calling the helpline. Once given a ticket, the issue is directed to the relevant department, who are required to action it within 48 hours. There is also specified Escalation Matrix, with specific timelines given at each stage, and should a Grievance not be responded to and closed within the given TAT (Turnaround time), the ticket is escalated automatically to the next authority by the system. The details of the support email helpdesk and helpline facility are shared with students upon joining, as is the committed timelines. We’ve been successful in keeping grievance redressal quite efficient and have had no cases where students / learners have not had their issues addressed within the specified timeline.

The Grievance Redressal Policy is published on the Higher Educational Institutions portal for the learners to read and refer to.

The policy is made available to learners with disability in an appropriate format.
